"Not many things have worked out as planned the past months. I was unable to make the AQ1 meeting due to a death in the family, and I was not able to attend the DCm sharing session last weekend in Levittown due to the weather. I have been working on getting thingsback on track, and will be attending NERAASA, and our scheduled Finance Subcommittee meetings. There have been discussions about having a District Inventory, and I plan on bringing this up at the District meeting on Thursday."

DCM Recommendations
– Continue Outreach to inactive groups
– District officers attend NERAASA?

Old Business (On-Hold & In-Process District Items):
A. ***INFORMATIONAL ONLY*** - Still working on outreach to inactive groups. ***UPDATE*** - Looking into having people go to meetings to find out status and give them information about district 34 and how they can attend or have a GSR represent their group.

B. ***INFORMATIONAL ONLY*** - We will look into doing a district inventory meeting in 2024. ***UPDATE*** - Jeff L. brought up maybe doing more of an informative meeting to get more district meetings and GSRs involved.

New Business:
A. Looking into covering the cost for NERAASA in Feb. for more people to attend (including District members beside DCM). Reasoning is since it is in Hershey PA the cost would be less than farther places and it is a good opportunity for more people to attend. Fee is $35 for registration. (Motion: Jeff L., Second: Gia F.)

7th Tradition:
The “basket was passed” for district meeting funding. ** Electronic Donation ONLY **

Adjournment: Motion to close Stacy H. The meeting adjourned with the Responsibility Pledge.

**Per Tradition 11 and 12, the full names are not listed in Meeting Minutes to protect the anonymity of the Service Members; Full names can be provided upon request of the District or Area Service Members with the approval of the Service Members impacted
